WHY ENGLISH IDIOMATIC EXPRESSIONS AND APPLIED LINGUISTICS

By Dan Jances

Our English language is contradictory.

That's why we can turn lights off and on, but not out and in.

That's why we can open up the floor, climb the walls, raise the roof, pick up the house, and bring down the house.

Your house can burn up or down, and you fill in a form by filling out a form, in which you add up a column by adding them down, and your alarm clock goes off by going on, and you first chop a tree down and then chop it up.

An idiom is a phrase where the words together have a meaning that is different from the dictionary definitions of the individual words, which can make idioms hard for ESL students and learners to understand.

English is one of the most difficult languages to master on its own; however, it is more difficult when it comes to expressions, just as in any other language.

Applied linguistics which is the interdisciplinary field of study that investigates identifies and offers solutions to language real life problems, academic fields and linguistics education has to do with English idiomatic expressions at the very same moment the speaker looks for ways to express himself.

Words in English can be used in more ways than normally expected. Adding in words that sound similar, are spelled alike yet pronounced differently, and the varied meanings and uses for words that change frequently make it even worse.

It's like trying to learn the rules, but the rules change constantly.
All you need to know is that there’s loads of English expressions, sayings and small talk phrases that are typical for the English language only and that you need to know a good few of them to make your conversational English sound natural and also so that you can fully understand what other English speakers are communicating with you.

Second Edition
Presentación

La Facultad de Ciencias de la Educación de la Universidad La Gran Colombia presenta a la comunidad académica el libro “Expresiones Idiomáticas en Inglés II”, escrito por Dan Janss, profesor del Centro de Idiomas y de la Facultad de Ciencias de la Educación de la Universidad.

Esperamos que esta publicación se convierta en una útil herramienta de trabajo pedagógico al interior de las aulas y como instrumento de consulta en las bibliotecas de las personas que hablan o de quienes desean aprender el inglés.

Con su publicación, además de lo anterior, queremos estimular la producción académica escrita por parte de los docentes y los estudiantes de nuestra Facultad.

Presentation

The Faculty of Education from La Gran Colombia University presents, to the academic community, the book “English Idiomatic Expressions II”, written by Dan Janss, professor of the Language Centre and of the Faculty of Science of the University.

We expect that this publication become a useful tool of pedagogic job to the interior of the classrooms and as an instrument of consultation in the library of the person that speaks or who desires to learn the English Language.

With its publication, besides the previous comment we want to stimulate the written academic production of our Professors and Students from the Faculty of Education.

FOREWORD

“English Idiomatic Expressions” is about community, pedagogic, sociolinguistic, psycholinguistic, social development and much more. It raises issues far beyond its over purpose: to explore a variety of such programs around the world, indirectly, and yet quite pointedly, Dan Janss calls our attention to the critical universal problem of our time: man’s search for his identity and purpose.

A first language (also native language, arterial language, L1, mother tongue, or native tongue) is the language(s) a person has learned from birth or within the critical period, or that a person speaks the best and so is often the basis for sociolinguistic identity. In some countries, the terms native language or mother tongue refer to the language of one’s ethnic group rather than one’s first language.

The term mother tongue should lead to a higher net efficiency of the employment of resources to provide more extensive practice and consolidation of new language items. Under these circumstances, there would be a significant welfare gain from the construction of some receptive skills necessary for successful communication. I would say it is in this framework created from the usage of ‘mother’ to mean foundation.

By contrast, a second language is any language that one speaks other than one's first language.

Second language

A second language (L2) is any other language that must be faced in attempting to deal with how heavy our commitment to science should be.

First language may not be your chief language, the one you use most or are most comfortable with. This is a most scientific procedure which is obvious. Nevertheless the first language may be lost through the process of language attrition when young children move by cause of immigration or adoption to a new language setting.

What it is not obvious is what we should put it in its place. Here it would seem that we do need a good deal of research. It would appear impossible to compute the return on research funds invested in the past.
Terminology

Sometimes the term *mother tongue* or *mother language* is used for the language that a person learnt as a child at home (usually from their parents). Children growing up in bilingual homes can, according to this definition, have more than one mother tongue or native language. "English Idiomatic Expressions” can help finding ways of coping with the complexity of our society.

In the context of population censuses conducted on the Canadian population, Statistics Canada defines *mother tongue* as "the first language learned at home in childhood and still understood by the individual at the time of the census." It is quite possible that the first language learned is no longer a speaker's dominant language. This includes young immigrant children, whose families have moved to a new linguistic environment, as well as people who learned their mother tongue as a young child at home (rather than the language of the majority of the community), who may have lost, in part or in totality, the language they first acquired language addition.

On multilinguality

The Brazilian linguist Cleo Altenhofen considers the denomination "mother tongue" in its general usage to be imprecise and subject to various interpretations that are biased linguistically, especially with respect to bilingual children from ethnic minority groups. He cites his own experience as a bilingual speaker of Portuguese and Riograndenser Hunsrückisch, a German-rooted language brought to southern Brazil by the first German immigrants. In his case, like that of many children whose *home language* differs from the language of the environment (the 'official' language), it is debatable which language is one's 'mother tongue'. Many scholars have given definitions of 'mother tongue' through the years based on common usage, the emotional relation of the speaker towards the language, and even its dominance in relation to the environment. However, all of these criteria lack precision. Nevertheless “English Idiomatic Expressions” would help with the incomprehensible nature of conflicting values, goals, beliefs, motivations, or methods of solution.

Dan Janss
THE IMPORTANCE OF ENGLISH IDIOMATIC EXPRESSIONS
IN ‘APPLIED LINGUISTICS’

Introduction

English Idiomatic Expressions is an integrated intensive course in English Idioms and expressions for teachers, adult and young adult advanced and intermediate students. It is designed for use with students who have already taken a basic elementary course in English. It covers structures and vocabulary and it gives realistic practice in the advanced and proficiency training courses, which need to be learned actively if a reasonable level of linguistic competence is to be attained.

There are expressions in alphabetical order in this book. They will make it easier for you to deal with many situations in which you need to read, write, speak or listen to North American or British English including examples that serve a useful purpose in the learning sequence, even when the major aim is oral ability.

The Feedback of the book provides varied practice and consolidation of new language items, involving meaningful exchanges which resemble real life communication to reinforce the students’ understanding of the topics, vocabulary and structures presented in the previous units. The material has been designed to help students, teachers and professors learn new language in the context or what they have already mastered, rather than in isolation.

You will also find the text interesting and entertaining. Enjoy it.

The author
How to use this book

English Idiomatic Expressions is the presentation of a learning strategy essential for academic success. Explanations are both through and easy to follow.

The idioms are arranged alphabetically like a dictionary; if you want to know the meaning of one of them, look at the idiom and read the explanation and the example. Anyone who speaks English as a first language, will be familiar with most of the idioms in this book. Each idiom is defined in simple terms and used in a sentence.

The examples are designed to provide practice of the strategy in realistic contexts.

The root “Idios” means one's own; hence “Idiom” means one's own way of speaking. In a broader sense, any word used in a nonliteral way is an idiom.

This is the fun and funny way to learn and practise the language that native speakers really use. Deeper involvement living the elements is also synonymous with the culture of mind and body.

There are one thousand and one hundred idioms, plus the same number of explanations and examples for a total of more than three thousand and five hundred written sentences. Some of the expressions have also got combinations.

Keep notes and give feedback, after having completed an activity, to learn and practise the language that native speakers really use.

The book allows teachers and students to relate their own knowledge, background and experience.

Learning a foreign language means to become familiar with a different culture and to relate during a short or long period of time with the people who represent the soul of this culture.
Encouragement

Welcome to the aims to increase awareness of the importance of studying English, with “English Idiomatic Expressions II”. Only dedication is required.
Excellent, superior

- Molly, you have got an A-1 attorney.
- Mr. Spencer is an A-1 minister.
- The illiterate became A-1 students.
- That Country is an A-1 Nation.
- Being an A-1 student is his objective.

Fundamentals, rudiments

- His mother is teaching him the A B C of dancing.
- Finally he is learning the ABC of English.
- Edward knows the ABC of etiquette.
- By that time, he will have learned the ABC of painting.
- She will never learn the ABC of music.

ABOUT FACE

Turn in the opposite direction

- The soldiers made an about face and marched away.
- She made an about face and began to swing.
- They have made an about face and brought about the transformation.
- Her ideas made an about face in the social fabric of her country.
- He would have made an about face by the time Mary comes.

ABOUT TO

Prepared, ready.

- The train was about to leave when we arrived.
- John is about to leave because he is late.
- They were about to do that favour.
- Steve and Angela were about to argue about the contest.
- No one who has witnessed was about coming.
ABOVE ALL

Especially, mainly

- Above all, never mention it to anyone.
- Above all, the forces will multiply.
- Above all, people have been willing to support foreign aid.
- Above all, there’s no reason to retreat.
- Above all, they built the organizational basis for these responsibilities.

ACCORDING TO HOYLE 1

Correct, proper

- His conduct last night, was not according to Hoyle.
- According to Hoyle not all peoples are yet ready.
- This is no reason to prevent according to Hoyle.
- According to Hoyle his report may make many people uncomfortable.
- Confused situations are pointed out according to Hoyle.

ACT OF GOD

Natural occurrence

- Earthquakes or hurricanes are called acts of God.
- To be special is an act of God.
- I commended this work as an act of God.
- His discovery was an act of God.
- The whole world is an act of God.

AFTER ONE’S OWN HEART

With similar interests

- With his love for music he is a man after my own heart.
- This work and its message, is after my own heart.
- No other theoretical connection is after my own heart.
- The people with whom they work are after my own heart.
- Leonard is after her own heart.
AGAINST THE GRAIN

Annoying, irritating

- It goes against the grain to lend them money.
- It has been against the grain to work with no sense.
- His report went against the grain.
- The process itself is against the grain.
- No operation of the government will be against the grain.

ALL ALONG

From the beginning

- We knew all along that he would succeed.
- The country has been accused all along.
- All along these criticisms contained elements of peace.
- They would engage all along in foreign aid solely.
- Others have said all along about the tensions and the human miseries.

1 It follows from the fact that we rethink the situation that the conclusions we eventually reach will be radically different from the tradition.
ALL AT ONCE

Suddenly, unexpectedly

- All at once there was a loud crash.
- All at once The Constitution prohibits that expenditure.
- All at once they knew about the type of programs.
- All at once I have made a series of studies of foreign aid operations.
- In a way I could not have conceived without seeing it all at once.

ALL DAY LONG

The entire day

- We studied for the examination all day long.
- I have seen the rising tide all day long.
- We would have spoken all day long.
- She was docile and inert all day long.
- I have been waiting for you all day long.

ALL EARS

Listening attentively

- When I mentioned the party, he was all ears.
- She was all ears when suddenly her friend arrived.
- They began to rise up when she was all ears.
- We were all ears for liberty, for education, for food and so on.
- To be all ears is mandatory at the auditorium.

ALL IN

Exhausted, very tired

- He was all in after playing tennis for four hours.
- The president was all in after the conference.
- The professor has been all in travelling as a consultant to CARE.
- I have been all in and overwhelmed by the appalling failure.
- Samantha was all in after having had the demonstration of the leadership.
ALL IN ALL

Considering everything

- All in all we enjoyed the evening at her home.
- That fact must be found and supported all in all.
- All in all democracy is to succeed in the underdeveloped world.
- This woman has had the vision to see the human squalor, all in all.
- All in all he was one of the wealthiest planters in the mountains.

ALL NIGHT LONG

The entire night

- The men worked steadily all night long.
- The social emotion lasted all night long.
- All night long many people were attending the specific events.
- In many respects they would have worked all night long.
- The underground worked that day all night long.

ALL OF A SUDDEN

Similar to all at once.

- I will relate the actions of the men all of a sudden.
- All of a sudden the story which is told is not a finished one.
- It is still being written in actions all of a sudden.
- All of a sudden actions and events at this moment are determining our destiny.
- The specific events that I will relate all of a sudden are part of the program.

ALL OVER

a) Completed, finished

- She shouted: “The game is all over”.
- The principles and the lessons to be drawn are all over.
- The land of fiestas, marimba bands and fine liqueurs, is all over.
- The meagre support they received is all over.
- That established part of life and habit in this part of the world is all over.
b) In every place

- The news of the armistice spread all over the world.
- The strange social emotion has become all over.
- His vision has caused him to form a different image all over.
- Those rolling grounds bright all over.
- Molly has learned to see new elements all over.

ALL RIGHT

Correct, satisfactory

- It will be all right to have a party on Friday.
- Her natural serenity is all right.
- The great manor houses are all right.
- It is all right if she sees the clusters of grass and crude wooden.
- Late evening perform went all right.

ALL SET

Prepared, ready

- We are all set for the picnic in the park.
- Everything is all set.
- From the open stone hearth she was all set.
- The families of brown-skinned people were all set to receive the prize.
- Which of you are all set to establish the conditions and the rules?

ALL THE SAME

Alike without difference

- These menus seem to be all the same
- Her first task was all the same.
- She knew it would be all the same to produce the support she would need.
- A modern program to help prevent illness was all the same.
- All the same she had to cultivate a public understanding of social service.
b) Nevertheless

All the same, I will not sign the document.

- All the same, I will not sign the document.
- If she could accomplish this change, it'll be all the same.
- All the same, she would then be in a position to accomplish many others.
- All the same this was to be her entering wedge.
- All the same she worked for the cultivation of a public conscience.

**ALL THERE**

Mentally alert, sane

- That aged woman is not all there.
- Each step would lead them all there.
- With this reasoning in mind they will be all there.
- Soon she devoted herself all there.
- As chairman of the committee he was all there.

**ALLOW FOR**

Similar to make allowance for.

- Under her leadership everyone was allowed for education.
- Make allowance for designed to provide rehabilitation.
- But no plans could be allowed for.
- Without money she would not be allowed to travel.
- She saw the greatest opportunity allowed for cultivating support.

**APPLE PIE ORDER**

Neat, tidy.

- The maid left the house in apple pie order.
- From large numbers of people she arranged in apple pie order.
- Virtually every newspaperman responded in apple pie order.
- Her appeal was in apple pie order by the time she had finished.
- Her preposition is in apple pie order. The working press has agreed.
ARMED TO THE TEETH

Heavily armed

- They were armed to the teeth, ready for any emergency.
- The campaign of public education will be armed to the teeth.
- Many of them were armed to the teeth.
- For many years they were armed to the teeth.
- The idea of helping beggars who cluttered the street was armed to the teeth.

AS A MATTER OF FACT

Truthfully

- As a matter of fact, he is madly in love with her.
- As a matter of fact he developed into self-sustaining productive members.
- As a matter of fact that initiative deserves some more time.
- As a matter of fact this is an established tradition.
- We must plan for the total needs as a matter of fact.

AS THE CROWN FLIES

In a straight line

- The towns are ten miles apart by railroad but only six miles apart as the crown flies.
- As the crown flies they did it.
- We must let the work as the crown flies.
- We want to make it possible for them as the crown flies.
- She proposed an appeal that would encourage people as the crown flies.

AS YET

Up to the present time

- As yet she has not received the invitation.
- As yet she was not ready for the big question.
- How much money would it take as yet?
- For this purpose she proposed as yet a special week.
- As yet she hasn’t communicated herself.

2 In actual practice, the fact may be for misbehaving at certain times, and an individual who is having a garden party several days a week even though aggressive specially after drinking, with no reason at all.
AT ALL

In any manner

• The immigrant could not speak English at all.
• At all we must plan for the total needs.
• At all we could no supply such assistance.
• She promptly arranged at all for the request.
• Within a short time she fortified herself at all.

AT FAULT

Mistaken, wrong

• You were at fault for not greeting him.
• At fault she began raising funds for scholarships.
• He was at fault when he didn’t come to the meeting.
• The minister could not do this. He was at fault.
• The government would not be at fault giving solutions.

AT FIRST

At the beginning

• At first the work seemed to be very difficult.
• At first everybody agreed.
• At first this institution didn’t belong to me.
• They didn’t do anything at first.
• At first her response was direct.

AT FIRST SIGHT

Immediately

• He liked her at first sight.
• At first sight the minister tried to interrupt.
• The institution belongs to the citizens at first sight.
• At first sight I had no alternative.
• I am convinced. At first sight this is the case.
AT LARGE

Free after an escape

- The prisoners who escaped are still at large.
- They are still at large of every sin.
- Providing the weather is fine they won’t be at large.
- Who knows how long they will be at large.
- Do you think that they will be at large forever?

AT LAST

Eventually, finally

- At last Edward and Helen were together again.
- At last they did their best.
- Did she do her homework at last?
- At last my best friend got a job.
- At last he realised what we had done for him.

AT LEAST

As a minimum

- Spend at least one hour each day practising your piano lesson.
- Arthur decided at least to take a ride into the forest.
- At least there he found a knight singing to three ladies.
- When he got closer at least he realised that the performer was his friend.
- At least he recognised him as soon as he saw his face.

AT ONCE

Immediately.

- You must send this telegram at once.
- At once they notice how skilful he was.
- Which of you could do it at once?
- I want you all to walk in the garden at once.
- She respectfully replied at once.
AT ONE'S FINGER TIPS

Readily, available.

- He has all necessary facts at his fingertips.
- This time the ladies came more quietly. They were at his fingertips.
- You have got all the materials at your fingertips.
- I would like to get everything at my fingertips.
- Before he could do anything they had it all at his fingertips.

AT ONE'S WIT'S END

Mentally exhausted trying to solve a problem.

- He was at his wit's end trying to borrow money.
- He was at his wit’s end after the performance.
- They were at their wit’s end after the next day.
- She was at her wit’s end after listening to the news.
- We never expected to be at our wit’s end after the meeting.

AT SEA

Confused

- Although he explained to her, she was still completely at sea.
- You can tell wise men once but a fool will always be at sea.
- Which of you continuous at sea?
- I would want you to stay at sea.
- If you had read it you wouldn’t be at sea.

AT TIMES

At intervals, occasionally

- At times the sick man seemed to recognise us.
- He came to see his parents at times.
- The workshop should be developed at times.
- They see each other at times.
- We hope you will come to see us at times.
BACK AND FORTH

Frequent travel between two places.

- He travels back and forth between Chicago and New York.
- Who told him he would have to live back and forth?
- I promise myself not to be back and forth anymore.
- In order not to stay back and forth, I’d get another job.
- Being back and forth is her way of life.

BACK NUMBER

Not recent or current.

- Back numbers of the magazine maybe obtained at the library.
- I’d like to get three back number of the newspaper.
- Are back numbers difficult to get?
- Unless you go to the publishing house you won’t get the back number.
- I’ve also got the back number of the paper.

BACK OUT

Withdraw from a promise or agreement.

- She promised to speak but backed out at the last minute.
- Why did she back out if she had made up her mind?
- Don’t back out. You have a compromise with us.
- If you back out, we won’t be able to keep our word.
- Answer me one way or another but don’t back out.

BACK UP

a) Drive or go backwards.

- I backed up the car and parked under the tree.
- After having ended he went back up.
- Don’t back up. Go straight ahead.
- You and I were once friends so why did we back up?
- He backed up since they travelled abroad.
b) Support, uphold.

- Her friends backed her up in her argument.
- It is always good to back him up since his all right.
- If we back him up we could ask for help.
- Back him up and walk along.
- To their surprise she didn’t back him up.

BAD BLOOD

Antagonism, hatred.

- There has always been bad blood between these men.
- Why to have bad blood if they have been friends for ages.
- That bad blood appeared recently.
- He was also notified about her bad blood.
- You have betrayed both me and the manager. Bad blood.

BAG AND BAGGAGE

With all portable possessions.

- The hotel manager asked them to leave, bag and baggage, immediately.
- Bag and baggage they left the place.
- Why did they have to go bag and baggage?
- As a matter of fact she disappeared bag and baggage.
- I am asking you to leave bag and baggage,

BAKER’S DOZEN

Thirteen.

- Although we had ordered only twelve, the storekeeper gave us a baker’s dozen.
- It’s always good to give customers a baker’s dozen.
- For the time being clients will have a baker’s dozen.
- Do I deserve a baker’s dozen for being so loyal?
- You have no right to have a baker’s dozen.
BARGE IN

Arrive or enter unexpectedly.

- We were discussing an important matter when George barged in.
- Barge in only if it’s totally necessary.
- Never barge in when they are having a meeting.
- She barged in by the time he was explaining the situation.
- In spite of that he barged in Mary didn’t say anything.

BAWL OUT

Reprimand.

- Her mother will bawl her out coming late.
- She doesn’t deserve to have such bawl out.
- When did she bawl him out?
- Bawl her out and I will slap you.
- Why do you have to bawl her out?

BEAR ARMS

Carry weapons.

All able-bodied men are required to bear arms in time of war.

- Don’t you bear arms at the football match?
- Are you able to wear arms?
- But I don’t think you should bear arms on purpose.
- You mustn’t bear arms in public places.
- You should never bear arms.

BEAR IN MIND

Similar to keep in mind.

- We must bear in mind that the meeting is next Monday.
- They ought to bear in mind their parents’ anniversary.
- Bear in mind that they ripped the necklace off her neck.
- Bear in mind that he was one the greatest knights in the world.
- Don’t you bear in mind that he helped us?
BEAR OUT

Confirm.

- The newspaper reports bear out what I told you yesterday.
- She didn’t bear out her attendance to the party.
- Bear out if you are coming or not. They asked.
- Bear out you saw them gazing lovely at each other.
- I’ll bear out if she no longer wore the necklace.

BEAR UP

Endure, hardship.

- How is he bearing up after the loss of his son?
- She is not strong enough to bear up the fact.
- True to his word in response he’s bearing up the presentation.
- The two men bear up together in the middle of the field.
- Bear up forcefully off your horse.

BEAR WITH

Be patient with, endure.

- Please, bear with me until I regain my health.
- Bear with them until their mother comes back.
- It is not easy to bear with the two of them.
- Why do I have to bear up with those guys after all?
- Bear with them and you will be rewarded.

BEAT ABOUT THE BUSH

Delay coming to the point.

- Don’t beat about the bush; tell us what happened.
- You have always been beating about the bush.
- Tell us the truth. Don’t beat about the bush,
- Don’t beat about the bush and take us with you.
- If you beat about the bush we won’t do anything.
BEAT BACK
Force to retreat.

- We attacked the enemy but were beaten back.
- We wanted to talk to her but had to beat back.
- She didn’t let us say a single word so we had to beat back.
- It is a waste of time to want to explain. I’ll beat back.
- Never beat back if you’re sure to be right.

BEAT IT
Leave immediately.

- The policeman told the boys to beat it.
- Beat it if you don’t want to be ashamed.
- I don’t want to talk to you. Just beat it!
- Beat it our relationship is over.
- Forget everything and beat it!

BEAT ONE’S BRAINS OUT
Work vigorously.

- He beat his brains out trying to solve the problem.
- How come if you don’t beat your brains out?
- Beat your brains out and you will notice the result.
- If you don’t beat your brains out nothing would be possible.
- Share refreshments and beat your brains out.

BECOME OF
Happen to.

- I wonder what will become of them.
- She has worked a lot to become of it.
- This is the best way to become of.
- The first thing he did was recite and become of.
- How did he become of if he was not ready?
BEFORE ONE'S TIME

Some time before

- That happened in 1886, much before my time.
- But it was not before his time.
- She never did it before her time.
- But he wanted to do it before his time.
- We would have never done it before our time.

BEHIND BARS

In prison.

- The thief was put behind bars for six months.
- We never knew that he was behind bars.
- He is behind bars being innocent.
- He cannot be behind bars if he’s innocent.
- Why is she behind bars if she didn’t do that?

BEHIND ONE'S BACK

When one is not present.

- He told lies about Lillian behind her back.
- The secretariat established a special unit behind the director’s back.
- The development group sent advisors behind our back.
- They made a significant difference behind my back.
- His brother did what he wanted to behind his back.

BEHIND THE EIGHT BALL

An awkward or difficult position.

- You’ll be behind the eight ball if your employer discovers the shortage.
- The array of specialties will be behind the eight ball within a short time.
- The people in the peasant villages were behind the eight ball.
- The kind of guidance they gave was not behind the eight ball.
- They had to change certain customs because the were behind the eight ball.
BESIDE THE POINT

Irrelevant.

- The remarks you are making are beside the point.
- The worked plots were beside the point.
- Those ancient taboos were beside the point.
- What you just said was beside the point.
- Few of the ideas during the meeting were beside the point.

BEST MAN

Bridegroom's chief assistant.

- John asked his closest friend to be his best man at the wedding.
- David has been the best man because of his sister.
- They wanted Joseph to be their best man.
- She would like her brother to be her best man.
- His best man was Mark of his brother’s friends.

BETTER HALF

Wife.

- Will your better half agree to this arrangement?
- His better half didn’t agree with those agreements.
- What did your better half say about it?
- What did he say to his better half?
- Peter’s better half couldn’t accept that resolution.

BETTER OFF

Happier, more contented.

- Many believe that they are better off living in the city.
- Are you better off living in that country?
- We are better off staying here with you.
- This is the best thing to do if we want to be better off.
- Do you feel better off after having had that money.
BETWEEN THE DEVIL AND THE DEEP SEA

Between two great dangers.

- Laura didn't know what to do. She was between the devil and the deep sea.
- They were between the devil and the deep sea that time.
- I never thought he was between the devil and the deep sea.

- Their ying yang is really magnificent!
- Such a ying yang they’ve got, full of green and savage!
- Does your country have a ying yang like that?
- We have also got a ying yang but not as large as that one.

**YOU BETCHA**

That is correct, right

- When I asked, “Are you coming?” She said, “You betcha”.
- She always says “you betcha”, when she has received an invitation.
- You can say “you betcha”, when you agree with something you like.
- Never say “you betcha” when you don’t like something!
• Ok, “you betcha”, I’ll do what you say whenever I need to.

YUCK

Awful, gross, ugly

• When Jenny cooks beef liver, the kids say, “Yuck“.
• “Yuck”, I don’t like it either. I think all the same.
• But don’t say “yuck”. It is not necessary to be so unpleasant.
• Well, I say “yuck because of the odour.
• That is why I say “yuck”. I just can’t stand that stink.

YUMMY

Delicious, tasty

• I don't like J-Bars, but the kids think they're yummy.
• They are yummy we can’t deny it!
• Well, they are yummy but very sweet. Don’t you think so?
• Yes, I do. But I consider that they are very yummy. Wow!
• They are yummy for everyone. The kids are right
ZAP-UP

To retouch for better

- The prose style could do with a bit of zapping up.
- I am in charge of zapping up the prose style.
- I believe you could zap-up the prose style but you need time.
- Yes, you are right. Zapping up the prose style is about time.
- I’d like to zap-up a prose style like you one day!

ZERO IN ON

a) To go straight ahead to

- The missile zeroes in on its target from a range of…
- It zeroes in on after a long time the technicians were working on it.
- You’ll have to go zero in on if you want to do something good.
- I would like to go zero in on when writing my project.
- Yes, you might go zero in on, taking into account you don’t have time.
- But how can I go zero in on, if my time is so short?

b) To put the finger on

- They immediately zeroed in on the one weak point in the argument.
- They zeroed in on that point because she didn’t have the answer.
- They zeroed in on without previous research.
- They zeroed in on without knowing that she is an expert.
- They didn’t have to zero in on, she knows what she is doing.
ZIP UP

a) Visep

- She zipped her skirt up.
- Zip me up, will you?
- I would appreciate if you zip me up. Will you?
- Thanks for zipping me up. I couldn’t.
- Zipping up the back of your dress is not easy at all.

b) With a zipper

- The dress zips up at the back.
- It zips up at the back and it’s more difficult to do it.
- Zip up your jacket, because it’s getting cold.
- I’ll zip up my jacket too it is very cold tonight.
- Let me zip up your coat, don’t you notice how cold it is?
